at a Time*

gateway christian church
a place for community

Ana

God used Beth (a church member) as his instrument to accomplish what he had planned for me in my job search.

Chris

Pastor helped me get along
better with my host family.

Ana & David

The loving guidance we've received about singleness, marriage, parenting and community (from Pastor & the church)--- in short, life--- has been truly amazing.

David

We were introduced to a family who lived through the situation we were in regarding pregnancy. They openly shared the years of struggles they had experienced.

We were so moved and settled to know that we weren't the only ones who have been through this.

Ann

"All of my church family is very nurturing and I know that I can talk to anyone of them if I have a problem, they will help me through it."

Patrick

Pastor John helped me build a much deeper faith in the Lord after struggling with anxiety and depression. He helped me to cope and to eventually let go of my regrets and fears by truly giving turning it over to my Lord .

Annie

One morning after a big fight, (my husband) simply asked, "I looked online and found a Christian church near us. Will you go with me?" That Sunday morning has changed my life forever...for the better.

Richard

Most of my life I have had serious bouts of depression. Pastor John has always encouraged me to carry on. He has shared scripture with me that has inspired me to learn the word of God.

.

Nick

Through the church, I met John -- who has been a tutor, mentor and friend. And he has been an example of someone who has walked the talk of his faith.

Joanne

With Pastor's help
and the love of the
church my son has
been drug-free for the
past 5 years.

Abigail

God is at work here, as evidenced in my own personal life and in the life of the church family as a whole.

Lupe

My personal relationship with the Lord, and my loving church family have helped sustain me through the deaths of my parents and brother, and many difficult trials.

Rachel

Church leaders and mentors have inspired me and touched my life forever.

Thank you!

Thank you.
